For: TRANSFERRIN RECEPTOR GENES OF :  
MORAXELLA :

This is a decision on applicant's Renewed Request to Accept Declarations Under 37 CFR 1.497 filed in the United States Patent and Trademark Office (USPTO) on 04 June 2003, requesting acceptance of the declarations under 37 CFR 1.497.

Counsel for applicant states that "it has been ascertained, by reviewing the applicants files, that there were, in fact, three separate Declarations signed, one signed by all inventors except inventors Anthony Schryvers and Run-pan Du, one signed by inventor Schryvers and the third by inventor Run-pan Du." Counsel enclosed a copy of each of the three Declarations and states "the three Declarations are true copies of complete Declarations executed by the respective inventors. The three declarations are acceptable under 37 CFR 1.497.

For the above reasons, the request to accept the declarations under 37 CFR 1.497 is **GRANTED**. The 35 U.S.C. 371 date is **11 June 2002**.
